

Assortment 2016

Colorex

Colorex is a high quality paint and wood preserving brand that is specially developed and tested for Nordic conditions. All products are made in Sweden and you can find Colorex products at your local paint shop.

Welcome to Colorex - Swedish quality paint since 1955.

The Colorex brand is owned by Colorex Sweden AB, which is Sweden's largest privately owned paint producer. Development, production and logistics are based in St Levene in the region of Västergötland. All products are developed and tested regularly by experts and end users in our modern laboratory facility. The demand for Nordic quality paint is great and our products are found in over twenty countries, from the small specialty store to the large chain.

Colorex Sweden AB have environment and quality certifications according to ISO 9001 and 14001.
